Student Testimonials

Certificate in Health Science

My time at MAIC has been a dynamic adventure filled with excitement, challenges, and continuous learning. This experience has had a profound impact on both my professional and personal development. The distinctive learning approach, which includes training, workshops, mentoring sessions, placement preparations, lecture series, projects, and more, has significantly enriched my life. I am sincerely grateful to MAIC for providing valuable opportunities and mentoring that I consider treasures for a lifetime

NISHALINI SUBHASH
Certificate in Health Science student

Certificate in Public Health Assistant

I view this course as an indelible learning journey. The lecturers offered steadfast support in all aspects, and upon completing the program, I felt thoroughly prepared, confident, and empowered to enhance my knowledge. The exhaustive and rigorous training provided by knowledgeable and patient educators has positioned me for success in my workplace.

Progression Pathway

SPM / SPMV / UEC / O-LEVEL / SKM

KPT/JPS(N/720/3/0106)MQA/FA 14651

The Certificate in Public Health Assistant is a one-and-a-half-year specialized educational program that prepares students for entry-level work in the field of public health. This curriculum primarily focuses on waste management, food hygiene, clean water supplies, prevention and disease control, as well as other essential information and abilities required to assist public health workers in a variety of settings, such as local authorities, non-profit organizations, healthcare facilities, and community health programs. This program may serve as a stepping stone to additional education in public health, such as a diploma, bachelor's, or master's degree.
